

Fiddlehead School of Arts and Science

Complaint Policy

Fiddlehead School of Arts and Sciences (FSAS) is committed to providing a safe and welcoming learning and work environment for students, teachers, and staff. We recognize that these aspirations can only be achieved by the wholehearted commitment and support of all school community stakeholders e.g., students, parents, teachers, staff and administration.

Occasionally, situations may occur which prevent the fulfilment of this goal and give cause for complaint. In order to bring any such occurrences to a speedy and satisfactory conclusion, the school has adopted a Complaints Policy – Administrative Procedure, which involves several levels. This Administrative Procedure provides a path for resolving student, parent, and staff complaints.

Students, parents or staff who have a complaint are encouraged to read the Complaint Policy - Administrative Procedure which will provide a path for resolving school concerns or issues.

Adopted: February 9, 2023
