Important Info:

Dear Families,

Due to circumstances beyond our control, the state rostering of our students in NWEA has been delayed. This will delay our ability to begin state testing.

Our new start date for NWEA testing will be Monday the 21st. Teachers will reach out with the specifics of each grade's schedule. Please reach out to your child's teacher or the testing coordinator, Hayley Jordan, if you have any questions. We will be sure to keep you updated as things progress.

Thank you,
Hayley Jordan
(hayleyj@fiddleheadschoool.org)
RTI Coordinator

Our students go outside for recess and outdoor classroom in all types of weather; rain, snow, slush, cold, etc. Please make sure your child is coming to school with appropriate outdoor gear; raincoat, rain boots, gloves, hat, etc. Thank you so much !

At Fiddlehead, the office uses an app called **REMINd** to communicate with families regarding school closings, delays, or any urgent / timely information. Please take a moment and download the app and join our "class" by using the code [@gg2KKC6](#)
