Important Info:

Holiday Philosophy: At Fiddlehead School, we believe in providing educational experiences for children that respect and honor the range of religious, cultural, and philosophical diversity that comprises our school community. We believe in the importance of celebrations that encompass the whole of our community without exclusion. We encourage celebrations that are seasonal and/or recognize children's accomplishments, minimize commercialism and invite families to share traditions that are special and meaningful to them. At this time of year we ask that you *do not allow* your students to come to school in Halloween costumes or accessories (which is in adherence to our school-wide dress code) and we ask that candy be left to be enjoyed at home. Thank you for your continued support.

Our students go outside for recess and outdoor classroom in all types of weather; rain, snow, slush, cold, etc. Please make sure your child is equipped with appropriate outdoor gear for the conditions; raincoat, rain boots, gloves, hat, etc. Thank you so much !

We are still collecting the Free/Reduced Lunch forms from families. These are very important forms for funding purposes at Fiddlehead. If you have not yet returned your form, please do so ASAP. Thank you!
